CALL FOR CONTRIBUTIONS

Sustainable and Responsible Management:

A decade of Integrating Knowledge and Creating Societal Impact through Innovation and Entrepreneurship

The 10th RMER Conference hosted by Iscte Business School is a forum intended to engage multiple stakeholders in a dialogue around Agenda 2030 and beyond and enhance further collaborations in responsible management education and research, and sustainable business practices to advance the SDGs.

This year marks the 10th Jubilee anniversary of RMER Conferences. Across a decade of achievement, RMER Conferences have explored the complexities and global challenges involved in the transition to more sustainable production and consumption patterns. Different agents, including companies, nonprofits, governmental entities, organizations, consumers, and society at large, need to work together to effectively advance the 2030 Agenda and beyond. Through multidimensional and multidisciplinary dialogue and knowledge sharing among management educators in conversation with other stakeholders have advance responsible management education and learning. As the challenge remains, further dialogue on how economic restructuring and social transformation on the journey to a more sustainable world is still needed.

The main goal of the global 10th RMER Conference is to bring together the responsible management education community and its stakeholders to drive societal impact through innovative and entrepreneurial ways that are grounded in the six PRME principles of purpose, values, method, research, dialogue and partnerships.

To this end, we kindly invite fellow educators and researchers from the PRME community and beyond to submit **contributions** to the various tracks.
